## Frankfort Among Safest Cities In Illinois

According to a recent study by “ValuePenguin”, the Village of Frankfort ranked number 5 in mid-sized cities (population 15,000-30,000) in its listing of safest cities in Illinois. Frankfort ranked #28 in the overall safety rating. “ValuePenguin” analyzed the latest FBI crime reports of 291 communities with populations of at least 5,000 for the study. The score takes into account violent and property crime.

“Our police department works very hard on safety and security for our residents. They are constantly looking for ways to improve communication to our residents to increase their efforts for a safe community,” commented Frankfort’s Mayor Jim Holland.
